SUMMARY

UI/UX designer who enjoys turning complex problems into simple and meaningful experiences. I use research, design thinking, and human-centered principles to create products that are clear, accessible, and easy to use for real people.

EDUCATION

World University of Design, Aug/2025 – Present
Master's in User Experience and User Interaction Design

SKILLS

Design: Wireframing, Prototyping, UI Design, Interaction Design, **Research:** User Research, Personas, Usability Testing, **Tools:** Figma, Adobe Illustrator, Photoshop, Canva, **Principles:** Human-Centered Design, Accessibility, Cognitive Ergonomics

EXPERIENCE

UI/UX Design Intern | AkkoRent Jan/2026 - Apr/2026

- Created wireframes, user flows, and interactive prototypes in Figma for digital products.
- Worked closely with the team to understand user needs and turn them into simple and intuitive experiences.
- Improved design consistency by using reusable components and maintaining design systems.
- Conducted basic user research and refined designs based on feedback.

PROJECTS

ClarityLens - AI Legal UX Platform
Designed an AI-powered platform to simplify complex legal content into user-friendly insights.

- Transformed dense legal text into structured, easy-to-understand formats.
- Reduced cognitive load through clear information hierarchy.
- Focused on accessibility for non-legal users.

QCare – Rethinking Hospital Waiting Experience in India

- Conducted research to understand patients' emotions, frustrations, and waiting challenges.
- Simplified the patient journey by organizing information in a clear and accessible way.
- Designed user-friendly screens focused on reducing stress and uncertainty.
- Used human-centered design to create a more comfortable healthcare experience.

CERTIFICATIONS

Google UX Design Professional Certificate (Coursera)
Gained hands-on experience in user research, wireframing, prototyping, and usability testing
Applied end-to-end UX design process from problem definition to final design solutions

Gamification & Behavioral Design (Udemy)
User motivation and behavioral design principles
